Visiting

Visiting times are 10am-8pm

We ask visitors to remember that your relative will need time for individual care and rest. When visitors arrive during the week they will be welcomed into the main reception area where refreshments are available as we may ask them to wait if your relative is receiving treatment.

Access to the main ward is downstairs, or in the lift, from main reception and through the double doors. Follow the corridor round to the right to the main entrance door. Press the buzzer and wait for a reply. The staff will answer as soon as possible and open the door.

Out of hours visitors will be welcomed and leave through the ambulance entrance. Please ring the buzzer at the entrance which is located at the right of the building by following the car park right round. Press the buzzer and wait for a reply. The staff will answer as soon as possible and open the door.

Sometimes your relative/friend may be tired and we can restrict their visiting if they request this and a message can be left in the reception area.

We welcome and encourage children and grandchildren to visit and have areas with toys and books but children must be supervised at all times.
